

STATE OF OKLAHOMA

1st Session of the 60th Legislature (2025)

HOUSE BILL 1855

By: Schreiber

AS INTRODUCED

An Act relating to disaster relief; directing the Office of Emergency Management to create a statewide Stormwater Management Predictive Analytic Solution; providing requirements; providing for operation; directing reporting; providing for codification; and providing an effective date.

BE IT ENACTED BY THE PEOPLE OF THE STATE OF OKLAHOMA:

SECTION 1. NEW LAW A new section of law to be codified in the Oklahoma Statutes as Section 683.24a of Title 63, unless there is created a duplication in numbering, reads as follows:

A. The State of Oklahoma Office of Emergency Management shall contract with a vendor to design and develop a statewide Stormwater Management Predictive Analytic Solution. The Stormwater Management Predictive Analytic Solution shall include an early warning detection system and advanced flood monitoring solution. The Stormwater Management Predictive Analytic Solution shall access and visualize all relevant data; forecast future conditions; improve forecasting models; provide real-time tracking and alerts, and

1 improve situational awareness, flood resiliency, and stormwater
2 management systems.

3 B. The Stormwater Management Predictive Analytic Solution shall
4 be operational no later than February 28, 2026. By March 31, 2026,
5 and annually thereafter, the Office of Emergency Management shall
6 submit a report to the Governor, Speaker of the Oklahoma House of
7 Representatives, and the President Pro Tempore of the Oklahoma State
8 Senate summarizing the information from the Stormwater Management
9 Predictive Analytic Solution and analyzing trends in that
10 information across years of data collection.

11 SECTION 2. This act shall become effective November 1, 2025.
