

STATE OF OKLAHOMA

1st Session of the 60th Legislature (2025)

HOUSE BILL 1974

By: Williams

AS INTRODUCED

An Act relating to preventative diagnostic services; providing for eligibility; directing what the program will provide; providing who will administer the program; providing for coverage; providing for educational and public awareness of the program; requiring an annual report to the Legislature; providing for codification; and providing an effective date.

BE IT ENACTED BY THE PEOPLE OF THE STATE OF OKLAHOMA:

SECTION 1. NEW LAW A new section of law to be codified in the Oklahoma Statutes as Section 7150 of Title 63, unless there is created a duplication in numbering, reads as follows:

A. The Medicare program shall provide preventative health screenings, advanced diagnostic testing, and imaging services annually, at no cost, to Medicare-eligible individuals in the State of Oklahoma.

B. Covered diagnostic tests and services include, but are not limited to:

1. Annual coverage of cardiovascular testing to include the following:

- a. LDL direct,
- b. Apo A1,
- c. Apo B,
- d. Apo B: Apo A-1 ratio,
- e. PLAC test,
- f. Homocysteine,
- g. Ox-LDL (oxidized low-density lipoprotein),
- h. MPO (myeloperoxidase),
- i. NT-proBNP (N-terminal pro b-type Natriuretic Peptide),
- j. sdLDL (small dense low-density lipoprotein), and
- k. Lp(a) (lipoprotein(a));

2. Annual coverage of diabetes testing to include the following:

- a. blood glucose,
- b. HbA1c (hemoglobin A1c),
- c. glycated serum proteins,
- d. adiponectin,
- e. ferritin,
- f. beta cell function testing, and
- g. insulin levels;

3. Annual coverage of endocrinology testing to include the following:

- a. ANA (antinuclear antibodies),
- b. ENA (extractable nuclear antigens),

- c. PF IgM (phospholipid IgM),
- d. Anti-CCP3 IgG and IgA (anti-cyclic citrullinated peptide),
- e. T3, triiodothyronine,
- f. T4, thyroxine,
- g. free T3 and free T4,
- h. TSH (thyroid-stimulating hormone),
- i. anti-TPO (thyroid peroxidase antibodies),
- j. reverse T3, and
- k. anti-TG (thyroglobulin antibodies); and

4. Coverage when warranted of advanced imaging to include magnetic resonance imaging (MRI), for comprehensive cardiovascular, neurological, and endocrinological assessments.

C. The State Department of Health shall administer the program in collaboration with health care providers, laboratories, and imaging facilities statewide.

D. Health care providers shall ensure that diagnostic services are timely, accurate, and accessible to all eligible participants.

E. Each Medicare-eligible individual shall have the option to access these preventative services annually if determined necessary by his or her health care provider.

F. Additional diagnostic testing may be covered if medically justified, ensuring comprehensive disease prevention.

1 G. No eligible individual shall incur out-of-pocket expenses
2 for any covered services.

3 H. The program shall include an educational campaign to inform
4 eligible individuals about the availability of preventative testing
5 and the importance of early detection.

6 I. Outreach efforts shall target communities statewide,
7 particularly rural and underserved areas.

8 J. 1. The Department shall submit an annual report to the
9 Oklahoma Legislature detailing:

- 10 a. the number of individuals served,
- 11 b. tests and services provided,
- 12 c. impact on early disease detection rates, and
- 13 d. cost savings achieved through preventative measures.

14 2. The report shall include recommendations for expanding or
15 improving the program.

16 SECTION 2. This act shall become effective November 1, 2025.
