FLOOR SUBSTITUTE

An Act relating to proxy advisory services; enacting the Proxy Advisor Transparency Act; making findings; defining terms; imposing certain duties on proxy advisors; requiring disclosure; prescribing methods of notification; excluding certain proxy advisory services with respect to financial interest testing; prescribing requirements of financial analysis; imposing duties with respect to certain services; defining term; providing violation of requirements as a deceptive trade practice; authorizing investigatory powers to the Attorney General; authorizing civil actions for declaratory judgment and injunctive relief; defining aggrieved person; providing for effect of enactment on certain pending claims; providing for noncodification; providing for codification; and providing an effective date.

BE IT ENACTED BY THE PEOPLE OF THE STATE OF OKLAHOMA:

SECTION 1. NEW LAW A new section of law not to be codified in the Oklahoma Statutes reads as follows:

1 This act shall be known and may be cited as the "Proxy Advisor
2 Transparency Act".

3 SECTION 2. NEW LAW A new section of law to be codified
4 in the Oklahoma Statutes as Section 1001 of Title 71, unless there
5 is created a duplication in numbering, reads as follows:

6 The Legislature finds as follows:

7 1. When shareholders hire professionals to manage investments,
8 they expect that the service will be performed in their financial
9 interest;

10 2. There is a particular need for disclosures for proxy voting
11 advice because that advice is often provided for hundreds or
12 thousands of shareholder votes each year and based on lengthy
13 policies that contain general statements but do not explain whether
14 or how the policy provisions will maximize returns for investors for
15 any particular company, or shareholder vote;

16 3. Proxy advisors in their benchmark policies have recommended
17 votes based on environmental, social, or governance (ESG) investing;
18 diversity, equity, or inclusion (DEI); and social credit and
19 sustainability scores. Proxy advisors have not conducted financial
20 analyses before making these recommendations, despite having proxy
21 voting policies claiming that the purpose of the policy's
22 recommendations is maximizing, increasing, or protecting shareholder
23 value;

24

1 4. Requiring proxy advisors to provide clear, factual
2 disclosures when they recommend casting a vote for a nonfinancial
3 reason will prevent fraudulent or deceptive acts and practices in
4 this state; and

5 5. A company that is the subject of a shareholder proposal
6 often has information regarding whether the proposal is in the
7 shareholder's financial interests or regarding the costs of the
8 proposal, and notice of a proxy advisor's recommendation allows the
9 company to provide additional responsive information to shareholders
10 that may prevent fraudulent or deceptive practices associated with
11 proxy advisors making recommendations for nonfinancial reasons. It
12 is not practical for a company to prebut every possible basis for an
13 erroneous proxy voting recommendation.

14 SECTION 3. NEW LAW A new section of law to be codified
15 in the Oklahoma Statutes as Section 1002 of Title 71, unless there
16 is created a duplication in numbering, reads as follows:

19 that are provided in connection with or in relation to a company or

22 proposal or company proposal,
- 23 b. proxy statement research and analysis regarding a
24 proxy proposal or company proposal,

- c. a rating or research regarding corporate governance at one or more companies, r
- d. development of proxy voting recommendations or policies, including establishing default recommendations or policies, and
- e. the term "proxy advisory service" shall not include a charitable organization if:
 - (1) the organization's gross annual revenue from proxy advisory services is less than Two Hundred Fifty Thousand Dollars (\$250,000.00), and

SECTION 4. NEW LAW A new section of law to be codified in the Oklahoma Statutes as Section 1003 of Title 71, unless there is created a duplication in numbering, reads as follows:

A. If a proxy advisor makes a recommendation against company management on a company proposal or proxy proposal, or makes a default recommendation or policy involving votes against company management on company proposals or proxy proposals, and the proxy advisor does not do so based on a written financial analysis, the proxy advisor shall:

1. Concurrently with providing the proxy advisory service, include a conspicuous disclosure to each shareholder or entity or other person acting on behalf of a shareholder receiving the proxy advisory service that:

- a. identifies the service being provided,
- b. identifies the recommendation or policy at issue, and
- c. states that the proxy advisor has made the recommendation or policy without doing so based on a

1 written financial analysis regarding the impact of
2 that recommended action on company investors that:

3 (1) analyzes the expected short-term and long-term
4 financial benefits and costs to the company of
5 implementing the company proposal or proxy
6 proposal,

7 (2) concludes what vote or course of action is most
8 likely to positively affect shareholder value,
9 and

10 (3) explains the methods and processes used to
11 prepare the analysis, including the experience
12 and geographic location of the personnel who
13 formed the recommendation;

14 2. For a proxy advisory service covered by subparagraphs a
15 through c of paragraph 7 of Section 3 of this act, concurrently with
16 providing the proxy advisory service, send by electronic means and
17 U.S. mail a copy of the disclosure under paragraph 1 of this
18 subsection to the board of directors of each company that is the
19 subject of the service; and

20 3. While such services are being provided, publicly and
21 conspicuously disclose on the home or front page of the proxy
22 advisor's website a statement that the advisor's proxy advisory
23 services include one or more services that include recommendations
24 or policies against company management on company proposals or proxy

1 proposals that are not made based on a written financial analysis
2 regarding the impact of that recommended action on company investors
3 that:

- 4 a. analyzes the expected short-term and long-term
5 financial benefits and costs to the company of
6 implementing the company proposal or proxy proposal,
- 7 b. concludes what vote or course of action is most likely
8 to positively affect shareholder value, and
- 9 c. explains the methods and processes used to prepare the
10 analysis, including the experience and geographic
11 location of the personnel who formed the
12 recommendation.

13 B. If a proxy advisor makes a recommendation against company
14 management on a company proposal or proxy proposal, or makes a

1 c. states that the proxy advisor has made the
2 recommendation or policy based on a written financial

16 2. Make such analysis available within a reasonable time to any
17 recipient of the proxy advisory service upon request; and

18 3. For a proxy advisory service covered by subparagraphs a
19 through c of paragraph 7 of Section 3 of this act, concurrently with
20 providing the proxy advisory service, provide a copy of such
21 analysis to the board of directors of each company that is the
22 subject of the service.

3 is created a duplication in numbering, reads as follows:

4 A. A violation of this act is a deceptive trade practice under
5 applicable state law and is actionable under the enforcement
6 provisions of that statute. The Attorney General may exercise all
7 investigative powers under any applicable law related to deceptive
8 practices if the Attorney General has reason to believe a violation
9 has occurred, is occurring, or is about to occur.

10 B. In addition to enforcement under subsection A of this
11 section, any person aggrieved by a violation of this act may bring
12 an action seeking a declaratory judgment or injunctive relief

24 equity owner of a company covered by paragraph 2 of this subsection.

4 Nothing in this act eliminates any claim under any applicable
5 law governing deceptive practices, regardless of whether that claim
