

STATE OF OKLAHOMA

1st Session of the 60th Legislature (2025)

HOUSE BILL 1603

By: Gise

AS INTRODUCED

An Act relating to schools; requiring teaching of human growth and development curriculum; specifying curriculum requirements; requiring school districts to offer human growth and development curriculum in an age-appropriate manner; allowing district to choose how to incorporate certain instruction; requiring certain instruction for graduation; requiring integration of certain instruction with health or science education; mandating the human growth and development curriculum be incorporated in the state academic content standards; directing the State Department of Education to develop certain guidelines and resources for schools and teachers; providing for codification; providing an effective date; and declaring an emergency.

BE IT ENACTED BY THE PEOPLE OF THE STATE OF OKLAHOMA:

SECTION 1. NEW LAW A new section of law to be codified in the Oklahoma Statutes as Section 11-203 of Title 70, unless there is created a duplication in numbering, reads as follows:

A. Human growth and development curriculum shall be taught in the public schools of this state. Human growth and development education shall include, but is not limited to:

1. Human biology related to pregnancy;

2. Human development inside of a womb;

3. A high-definition ultrasound video, at least three (3) minutes in duration, showing the development of the brain, heart, sex organs, and other vital organs in early fetal development; and

4. A high-quality, computer-generated rendering or animation showing the process of fertilization and every stage of fetal development, highlighting significant markers in cell growth and organ development until birth.

B. School districts shall provide the curriculum described in subsection A of this section to students in grades one through six in an age-appropriate manner. Schools may incorporate the curriculum into an existing course or courses or develop curriculum for a separate course.

C. School districts shall provide a continuation of the curriculum described in subsection A of this section to students in grades seven and eight in a developmentally appropriate manner. Schools may incorporate the curriculum into an existing course or courses or develop curriculum for a separate course.

D. In order to graduate from a public high school accredited by the State Board of Education with a standard diploma, students in grades nine through twelve shall receive human growth and development instruction as described in subsection A of this section. Such instruction shall be integrated into health or science education and shall be incorporated into the state academic

1 content standards adopted by the State Board of Education pursuant
2 to Section 11-103.6 of Title 70 of the Oklahoma Statutes.

3 E. The State Department of Education shall develop guidelines,
4 material, professional development programs, and resources designed
5 to enable schools and teachers to infuse human growth and
6 development instruction within any course of study currently offered
7 by the school district or offer human growth and development as a
8 separate course.

9 SECTION 2. This act shall become effective July 1, 2025.

10 SECTION 3. It being immediately necessary for the preservation
11 of the public peace, health or safety, an emergency is hereby
12 declared to exist, by reason whereof this act shall take effect and
13 be in full force from and after its passage and approval.
