14 SECTION 1. NEW LAW A new section of law to be codified
15 in the Oklahoma Statutes as Section 1239 of Title 69, unless there
16 is created a duplication in numbering, reads as follows:

A. As used in this section, the term "invasive woody species" means a tree or shrub species that is rapidly encroaching into adjoining lands and is likely to cause harm to the environment or economy. Invasive woody species include, but are not limited to, *Juniperus virginiana* (Eastern Redcedar), *Juniperus scopulorum* (Rocky Mountain juniper), *Juniperus monosperma* (oneseed juniper) and *Tamarix ramosissima* (salt cedar).

1 B. The Oklahoma Department of Transportation shall establish
2 and implement a program for the systematic identification, removal,
3 and management of invasive woody species within rights-of-way under
4 its jurisdiction. The eradication program shall include the
5 following components:

6 1. Surveys to identify the presence and extent of invasive
7 woody species;

8 2. Development of a prioritized plan for eradication and
9 control;

10 3. Use of best management practices for removal, including
11 methods that minimize harm to native vegetation and prevent soil
12 erosion;

13 4. Monitoring and follow-up measures to prevent
14 reestablishment; and

15 5. Collaboration with local, state, and federal agencies, as
16 well as nongovernmental organizations, to leverage expertise and
17 resources.

18 SECTION 2. This act shall become effective November 1, 2025.
